Lid worden van Po & Po?

Po & Po is de landelijke vereniging van en voor verzamelaars van post(waarde)stukken, poststempels en postmechanisatie.

De vereniging komt maandelijks bijeen in Ede. Tijdens deze bijeenkomsten wordt veel informatie uitgewisseld. Dit gaat via lezingen, deelname aan studiegroepen of door gewoon te vragen.

Tweemaal per jaar verschijnt "De Postzak", waarin leden de resultaten van onderzoek presenteren. Daarbij gaat het niet alleen om puur postale zaken als het ontstaan en gebruik van bepaalde stempels of poststukken. Ook achtergrondverhalen naar aanleiding van één of meer interessante poststukken komen in "De Postzak" aan bod.

Gemiddeld eens per twee jaar verschijnt een Posthistorische Studie waarin een onderwerp uitvoerig wordt belicht.

Enkele malen per jaar is er een uitgebreide en gevarieerde veiling.

Wilt u meer weten of zich aanmelden als lid?

Lever bought 3 sets on St. Helena. (Tristan da Cunha in the South Atlantic, hit the headlines in October 1961 when violent volcanic activity caused the evacuation of the population. The authorities on the neighboring island of St. Helena started a Relief Fund, and a supply of Tristan da Cunha stamps were surcharged "ST. HELENA Tristan Relief" with an amount for the fund. Unfortunately only the Colonial Office in London could authorize new stamps, a fact unknown to the Governor, and the issue was withdrawn after only one week. - a rare set only 434 sets have been sold, cat.v. £ 3500++

The WWII Collection of Dr. Keizer

The following lots form the Dr. Keizer collection who extensively studied field post of volunteers who fought alongside the Germans during WWII. In addition Dr. Keizer showed interest in the private issues printed by the various European volunteer organizations. He also collected propaganda forgeries issued during WWII. The lots are sorted based on Dr. Keizer's handbook *Veldpost en Oorlogsvervalsingen in de Tweede Wereldoorlog* which was published in 1986.
